

The Federal Law Enforcement Foundation (FLEF) is pleased to announce the continuation of our special Scholarship Program to the children of qualified, full-time agents of federal law enforcement agencies and supporting law enforcement services for the 2024-25 academic year. This includes state and local officers who are assigned to federal joint task forces based in New York, New Jersey, Connecticut, and jurisdictions in which FLEF is qualified. This scholarship is also offered to children of federal law enforcement officers in the greater metropolitan area who were disabled or killed in the line of duty. Any law enforcement employee claiming disability must be certified and approved by the appropriate agency head for eligibility.

Applicants must be fully matriculated to qualify for a scholarship and must remain fully matriculated throughout the school year to receive the full scholarship award.

Each scholarship will be a one-time cash grant paid directly to the institution the applicant is attending. The award may be used for tuition, room & board, or books. Tax consequences, if any, are the responsibility of the recipient.

Selections for Scholarships will be based on many factors, including SAT/ACT scores (if taken), academic achievement (minimum eligibility of 3.0 average), above average community service, recommendations, and extracurricular activities.

- Only qualified individuals with the highest character, credentials and references will be considered. Each individual must maintain outstanding achievements during the college year in order to be considered for future grants.
- FLEF has established a Scholarship Review Board to select students to receive scholarships. Questions related to the program should be addressed to [scholarship@flef.com](mailto:scholarship@flef.com).
- No material changes will be permitted once the Scholarship Application has been received, such as changing schools or courses of study or full-time status, etc. If there are any changes, it is the obligation of the applicant to inform us immediately. If changes are made, the Foundation reserves the right to cancel the Scholarship. Any such changes must be approved by the Committee at the sole discretion of our Scholarship Review Board of the Federal Law Enforcement Foundation, Inc.

The Federal Law Enforcement Foundation was created in 1988 to assist and be an additional "safety net" for families of federal law enforcement agency employees injured or killed in the line of duty, as well as those suffering from serious illness. In addition, over the years, the Foundation has helped subsidize special support for educational, informational and award programs assisting a wide variety of important organizations aimed primarily at helping the youth of America.

On behalf of the Board of Directors,
